Holograph List of the 40 Languages used by James Joyce in writing *Finnegans Wake*.

[illegible]

PRECIS OF FW BY JAMES JOYCE IN STRAIGHT SHAPE.

REVISED VERSION

For 17 years solid James Joyce worked hard at his borogoves.

There were also mimsies, and last but not least, a vast amount of slithy toves. Most were hierarchically organized, but the borogoves had the upper hand. We should not forget the wabes and blades, but right at the top were the mome raths.

It would take another hundred volumes or so to analyse each of these categories in great detail, and which indeed did not at all carry the upper hand.

But I personally am fascinated between the relations between the borogoves on the one hand, and all the rest taken together on the other hand.

The wabes form a fascinating colony of words, but they are far too difficult for the man in the street.

A discussion of wombats is another matter altogether.

ends

Press Release 23 August 2014

A Very FIRST in Joycean Studies!

Joyce Lexicography. Volumes 107, 108, 109, 110, 111, 112.

C. George Sandulescu and Lidia Vianu

Joyce's "Words" **in *Finnegans Wake***

ISBN 978-606-8592-58-9, 978-606-8592-59-6, 978-606-8592-60-2, 978-606-8592-61-9, 978-606-8592-62-6, 978-606-8592-63-3

Contemporary Literature Press

Joyce Lexicography: 111 Volumes

Most important of all in Joycean Studies: for more than half a century now, nobody has cared to put together all the words conceived, built and created by the writer himself. We are now trying to repair that shameful omission. It is also a very damaging omission, which nobody – nobody at all – has ever addressed to this day. We think it important to focus on this idea, and we mean to do so wherever we advertise the six volumes we are now publishing; these volumes list the words Joyce concocted during the 17 years while he thought over and over again not just the words, but every single sign he made use of.

Lucrul cel mai important în studiile Joyceene: în peste jumătate de veac de studii Joyceene, nimeni nu s-a sinchisit să adune cuvintele făcute, construite și create de autorul însuși. Este o rușine, pe care încercăm aici s-o reparăm. Este un fapt grav, de care nu s-a ocupat nimeni – absolut nimeni – până în ziua de astăzi. Este o idee care merită să apară peste tot unde vom face publicitate acestor 6 volume de cuvinte "concoctate" de Joyce în cei 17 ani în care niciun singur semn – nu cuvânt – nu a rămas negândit profund.

Between the years 1920 and 1960, writers enjoyed inventing the words they used. Tristan Tzara did that. Lewis Carroll had done that long before him (see “Jabberwocky”, in *Through the Looking-Glass, and What Alice Found There*, Chapter 1, published in 1871). Raymond Queneau did it too... It was the time when language was the focus of attention – which unfortunately changed when Noam Chomsky came along. It must be said that, during the first half of the 20th Century, the **word** was far more important than the **concept**. After the war, everything turned upside down, and people were mostly interested in solving the political problems of the day, hence meaning and argumentation had the upper hand.

It was James Joyce’s good fortune to have written at the best of times for him, between the years 1920 and 1940. The Word was king of the World. The concept was no more than its servant. Our present volumes adopt that attitude, and focus mainly on the word itself. This is a list of words “invented” by Joyce himself. Some of them are in use today: such is the case of the word **quark** (*Finnegans Wake*, 383.01: “Three quarks for Muster Mark! / Sure he hasn’t got much of a bark / And sure any he has it’s all beside the mark.”).

Many other words made up by Joyce may have found their way into present-day communication. It is almost certain that more of Joyce’s words will become common use in the future.

The six volumes we are publishing

Între anii 1920 și 1960, scriitorii aveau obiceiul să-și inventeze cuvintele. Tristan Tzara a inventat în felul lui. Mult înaintea lui Tzara, Lewis Carroll a inventat și el în felul lui (v. “Jabberwocky”, în *Alice în Țara Oglinzilor*, Capitolul 1, carte publicată în anul 1871). Raymond Queneau a inventat în felul lui... În acea perioadă a existat un interes susținut pentru limbă, care a dispărut prin apariția catastrofală a lui Noam Chomsky. Însă, în prima jumătate a secolului XX, **cuvântul** avea o mai mare importanță decât **conceptul**. După război, lucrurile s-au întors pe dos, pentru că toată lumea gândea cum să rezolve problemele politice, drept care sensul și argumentarea au trecut pe primul loc.

Din fericire, James Joyce a trăit în perioada de glorie, care a fost între anii 1920 și 1940. La vremea aceea, Cuvântul era rege. Conceptul era servitorul lui. Adoptăm în aceste volume atitudinea de atunci, care acorda o importanță covârșitoare cuvântului în sine. Dăm, prin urmare, lista cuvintelor „inventate” de Joyce. Unele au intrat în limbă, cum este cazul notoriu al cuvântului **quark** (*Finnegans Wake*, 383.01: “Three quarks for Muster Mark! / Sure he hasn’t got much of a bark / And sure any he has it’s all beside the mark.”).

E foarte probabil ca multe alte cuvinte ale lui Joyce să fi fost deja preluate în mod asemănător. Este mai mult decât posibil ca și alte cuvinte ale lui Joyce să fie preluate în viitor.

Volumele noastre sunt o încercare

here and now are our modest attempt at providing the reader with **Joyce's own words**, the words he himself made up.

This is the very simple explanation of the title given by us to these last volumes of our *Joyce Lexicography* series.

With these "Words", Lexicography is finished. There will be no more lexicography on our part. We will pass on to something much more important than lexicography, and much more comprehensive, and that is Idiomaticity.

In other words, we pass on to what the ordinary linguist would call syntax. We must first identify the syntax and the rhetoric, and only afterwards begin to discuss everything connected with both of them.

modestă de a pune la dispoziția cititorului **cuvintele create** de Joyce însuși.

Aceasta este explicația simplă a titlului ales de noi pentru volumele care încheie seria noastră de *Joyce Lexicography*.

Cu aceste „Cuvinte”, Lexicografia s-a încheiat. Nu ne vom mai ocupa de lexicografie de acum înainte. Intenționăm să trecem la ceva mult mai important decât lexicografia și mult mai cuprinzător decât ea: este vorba de *Idiomaticity*.

Cu alte cuvinte, trecem la ceea ce lingviștii numesc în general sintaxă. Intenționăm să începem prin a înregistra rolul sintacticii și al retoricii, pentru ca abia după aceea să le putem discuta.

A Manual for the Advanced Study of James Joyce's *Finnegans Wake*

in **111** Volumes

by C. George Sandulescu and Lidia Vianu

FW167.28

My unchanging Word is sacred. The word is my Wife, to
exponse and expound, to vend and to velnerate, and may the
curlews crown our nuptias! Till Breath us depart! Wamen.
Beware would you change with my years. Be as young as
your grandmother! The ring man in the rong shop but the
rite words by the rote order! *Ubi lingua nuncupassit, ibi fas!*
Adversus hostem semper sac!

FW 219.16:

And wordloosed over seven seas crowdblast in
celtelleneteutoslavzendlatinoundsript.

C. George Sandulescu and Lidia Vianu
Joyce's "Words" in *Finnegans Wake*

200

9 May 2014

From **The Times Literary Supplement** No 5797

We are the online Publishing House
of the **University of Bucharest**.

More than one hundred of our volumes focus on the work of the European James Joyce.
The Joycean Monologue by C. George Sandulescu is an out-of-the-way introduction to *Ulysses*.
No *Finnegans Wake* researcher can do without our Joyce Lexicography Series in 101 volumes.

 Joyce Lexicography	<p>CONTEMPORARY LITERATURE PRESS</p> <p>Director Lidia Vianu Executive Advisor George Sandulescu</p> <p>CONTEMPORARY LITERATURE PRESS</p> <p>http://editura.mttlc.ro Bucharest 2014</p>	<p>Contemporary Literature Press</p> <p> Bucharest University</p> <p><i>The only Online Literature Publishing House of the University of Bucharest</i></p> <p>A Manual for the Advanced Study of <i>Finnegans Wake</i> in One Hundred and One Volumes totalling 26,000 pages by C. George Sandulescu and Lidia Vianu</p> <p> </p>
---	---	--

Contemporary Literature Press publishes books in English and other European languages:
fiction, poetry, essays, literary criticism and translations as parallel texts.
You can find us and download our books for free, including the full text of *Finnegans Wake* line-numbered,
at the following internet addresses:
